# Product change notification

by F&S Elektronik Systeme GmbH

**Board:** DCUL3-/3C

## Basement of product change:

Due to the product phase-out of the graphic processor and the memory parts, we have to stop the production of the DCUL3-/3C.

## Activity:

It is possible to us an replacement, DCUL3A-/3AC.

## Time flow:

After 14 years, we have to phase out the DCUL3-/3C.

## Succession of the board:

There is an replacement, DCUL3A-/3AC.

This replacement will be 100% compatible (hard- and software) to the DCUL3-/3C.  
Current consumption will be reduced about 30%.

Samples of DCUL3A/3AC are available begin of August.

We offer for interested customers one samples board at Euro 100,-.

It is possible to move to one of the F&S single board computers (NetDCU family) also.
