

To the attention of: ALL HITACHI SALES OFFICES

Kaohsiung , 05.Aug.2008

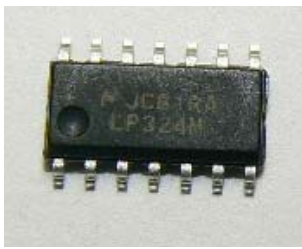

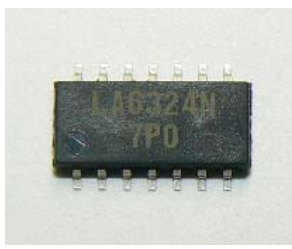

Dear Sirs,

Please be informed that Hitachi will implement the following technical changes to products you are currently purchasing.

1. Product

SP10Q005-T*35
SP10Q007-T*36
SP10Q003-T*35

2. Main Contents of Change

Change of Item	Current OPAMP	New OPAMP
OPAMP	LP324M (National)	LA6324NMLL(SANYO)
		

3. Reasons of Change

Improve the delivery of OPAMP IC .

4. Impact on Product Specification:

All the electrical characteristics and power consumption are same, Moreover, reliability test are equivalent to current level.(New OPAMP is using in other product in (KHE)now)

5. Schedule:

The mass production of above mentioned products will switch to New OPAMP IC from Oct.2008. There is a possibility of mixed shipment of current and new OPAMP IC during initial stage of changing. Please do not hesitate to contact with us if any inquiries.

Thank you for your understanding.
